

# **J-BIO Company Introduction**

## **Korea**

May 13 2022  
James Kim & JK Lee

# Company Overview

- J-BIO was established in Yongin City, Korea in 2014 and started with distribution for Molecular Devices and Leica Biosystems. J-BIO now sells Cellenion(FRA), Horizon Discovery(UK), Astrea Bioseparations(UK), CODEX DNA(USA), and Tecan(CHE) products as a distributor or sub-dealer.
- J-BIO has strong relationship with researchers of companies in biosimilar, antibody drug discovery, gene/cell therapy, vaccine development, and clinical.
- J-BIO introduces new technologies to improve workflow and efficiency, and have been providing technical support since 2014.
- James Kim and JK Lee have a lot of experience in life science and clinical market. We are selling products with knowledge. J-BIO is small, but nimble and optimized to work with pharmaceutical, clinical, and biotech companies.

# Personnel Background

## Kim, Jin Young / James Kim

M.S. degree of GSNU / CEO and FAS

**20 years of experience** in life science and clinical market

- TAKARA Korea – Senior Researcher
- Qiagen Korea – Regional Sales
- DI Biotech – Application Manager
- Genolution – Product Manager
- Established J-BIO with JK Lee

Specialized in Automation, Imaging, SPR system, FACS, NGS, Single cell dispenser, Cell culture system, and more

## Lee, Jong Kyu / JK Lee

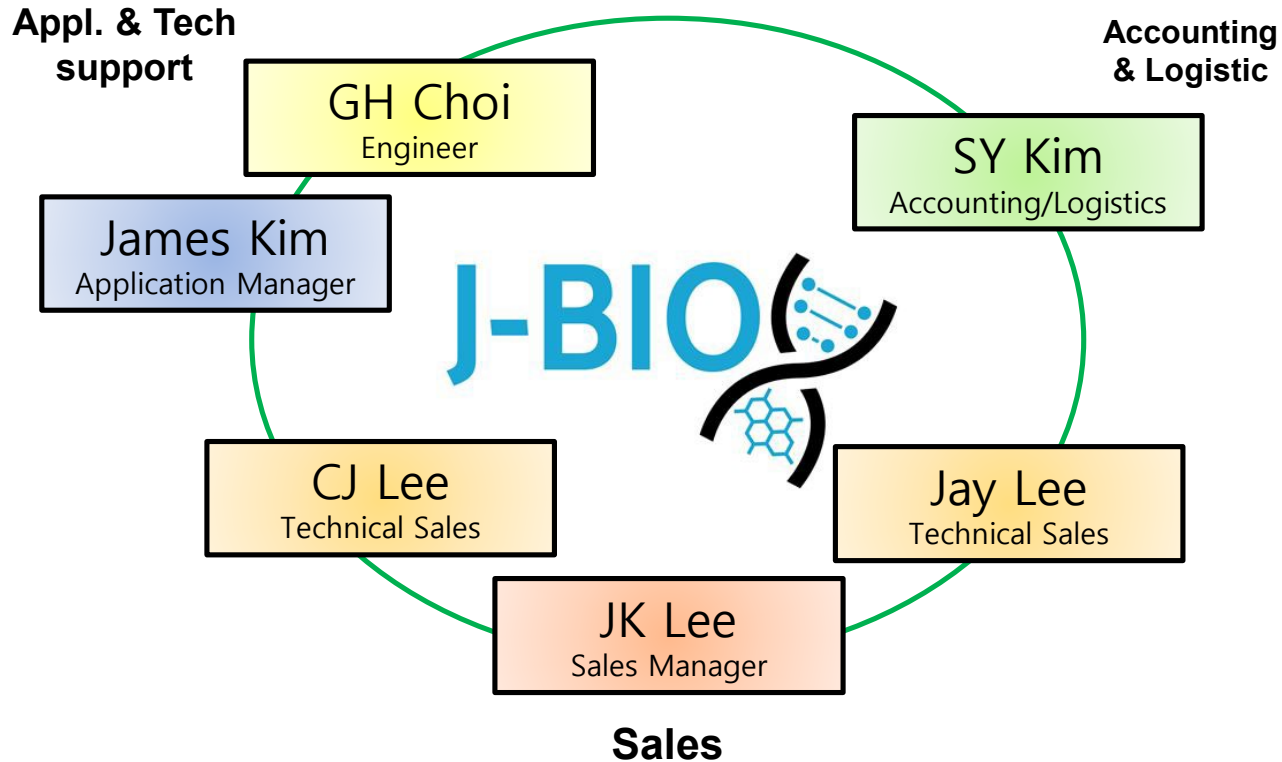

M.S. degree of KNU / VP and Sales Manager

**14 years of experience** in life science and clinical market

- DI Biotech – Regional Sales
- KDR – Regional Sales
- Genolution – Sales Manager
- Established J-BIO with James Kim

Specialized in ELISA system, Microscope, Imaging systems, Automation, Cell culture system, NGS, FACS, and more

# Company structure

# Current Product Line

**cellenion**  
ENHANCING LIFE

Single Cell Dispenser for  
Genomics / France

**codex**

Gene Synthesis, Cloning,  
Library Screening System and  
Reagents / USA

**TECAN.**

ELISA, Automation System  
/ Swiss

**BIORROOTS**  
Multiplexing & Automatic Bio Analysis & Diagnosis

High Sensitive Multi-plex  
ELISA Platform / Korea

**horizon**<sup>TM</sup>  
INSPIRED CELL SOLUTIONS

CHO K1 GS null Cell Line  
for Bio-production / UK

**Astrea**  
Bioseparations

Resins & Columns  
for Pharma / UK

**WILSONWOLF**

**PAIA**

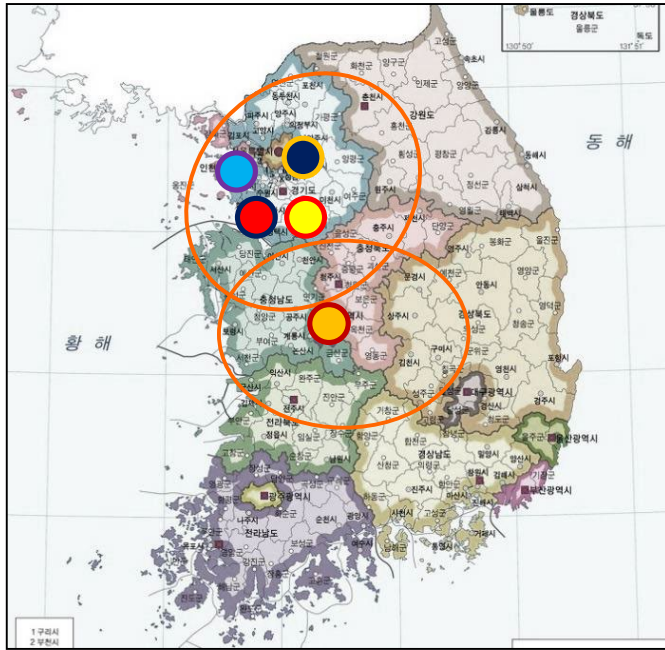

**ARTEL**  
trust your results

✓ J-BIO is constantly working hard to introduce  
new technologies to Korea.

\* Direct distributor about Cellenion, Horizon, Astrea, CODEX DNA, and BIORROOTS and redistributor about the others, but we are in charge of technical sales and application support for all products.

# Sales Networks

- J-BIO has strong sales network in Seoul and Gyeonggi.

- J-BIO - Seoul, Gyeonggi
- Felix Bio - Seoul, Incheon
- N-Tech - Gyeonggi, Incheon
- DI BIO - Seoul, Gyeonggi
- AD BIO - Daejeon, Chungnam

- ✓ Felix-Bio, N-Tech and DI-BIO are companies working very closely with J-BIO.
- ✓ AD BIO is a distributor of J-BIO.
